2006 BUY AMERICAN ACT REPORT**

Pursuant to Public Law 108-199 Section 64, the following information constitutes the Consumer Product Commission FY 2006 report to Congress:

- (1) The dollar value of any articles, materials, or supplies purchased that were manufactured outside of the United States - \$0.00;
- (2) An itemized list of all waivers granted with respect to such articles, materials, or supplies under the Buy American Act (41 U.S.C. 10a et. seq.) – Not Applicable;
- (3)
 - Summary of the total procurement funds spent on goods manufactured in the United States - \$3,206,965.14.
 - Summary of the total procurement funds spent on goods manufactured outside the United States - \$0.00.

We purchase most of our goods and services through the General Service Administration's (GSA) Federal Supply Schedules. As vendors make their Buy American Act certifications directly to GSA under their Federal Supply Schedule contracts, GSA reports information about the country of origin for those products. The data for this report comes from GSA's Federal Procurement Data System – Next Generation.

This report will be placed on the Commission's public website at the following address:
